After World War II, major economic policy issues arose within the free world because many nations chose to discriminate in their international trade and payments, hoping to further their national objectives. Professor Patterson analyzes what each of these nations hoped to gain.

Originally published in 1966.

The **Princeton Legacy Library** uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
