Most people have fond memories of visiting their grandparents, especially when life was not so hectic and farmers in communities loved and depended on each other. While spending the summer with his grandparents in Kentucky, ten-year-old Timmy experiences these times, but the community is put to the test when one of them is murdered. Timmy is faced with a decision that could mean life or death to them all. Can hiding the truth be a good thing? Can Timmy risk losing the trust he cherishes? Can he protect his loved ones as he learns to trust God? Author Tim Callahan has brought all emotions to the first of his Kentucky Summers series titled *The Cave, the Cabin and the Tattoo Man*. The book is filled with humorous characters, suspense and mystery along with heart-wrenching and touching moments. Join Timmy as he takes you through the summer months of 1959 in this very enjoyable and exciting adventure.

## Reviews of the **Kentucky Summer: The Cave, the Cabin, and the Tattoo Man (Kentucky Summers)** by Tim Callahan

Modred

Usually, 9 year old boys are of little interest to me; however, this book was recommended. I found myself in the time of my youth, with people I felt I knew. The day was many years ago, but the characters were warm and real and well worth meeting. Even though the events were colored by nostalgia, they were carefully drawn and well worth reading.

BroWelm

My mother and her family were from Morgan County, KY. We visited briefly when I was a child but spent most of our time at family reunions in Somerset, (actually Poplarville) KY, where my father was from. I have always wanted to go back to Morgan County - my mother's grandmother was a Redwine - a city in Morgan Co. My family's homestead was closer to Lenox. I have bought Mr. Callahan's book and hope it takes me to this place that I long to visit. Maybe the book will be the inspiration that actually gets me there. As a former Language Arts teacher and principal, I am excited about the comments in the reviews. I will say adieu tonight to hurry and begin reading this book on my Kindle!

Amerikan\_Volga

Read Tim's book if you want to smile, laugh, cry, and share sections of the book with others. I felt like I was back in western Kentucky with my family and grandparents, even though the book is set in eastern Kentucky. Geography is not important. Love and friendship carry the day. I will never read John 3:16 the same again!

Kelerana

One of my very favorite books!

Velellan

I loved this book. I am 65 years old and I have lived in Kentucky 58 of those years. I can relate to Timmy and the love he has for his grandparents. When I read this book, the details were so awesome that it was like I was right there while it was happening. I hope all elementary school children will read this. Mr. Callahan is an awesome writer.

Gldasiy

A wonderful series to read!!! Brings back memories of my own growing up. Very clean books with good family and Christian values.

Fenritaur

I loved this book! It was heartwarming and brought back so many memories of Kentucky and my grandma and dad! I would recommend it to anyone wanting a good, heartwarming, funny, adventurous story! It is the kind of book every kid should read and would enjoy if they did!! Nothing negative to say about this book!!

written for children, but I am 75 years old and enjoyed it immensely.
