The history of the church is amazing! When Christians study it, they are continually revived, encourages, and challenged. In *The Story of the Church*, a complement to *The Essential Bible Reference Library*, readers follow the church from the beginning, through all of its failures as well as successes. Despite succumbing to the pressure of culture, the church has both survived and thrived. Sure to appeal to a wide range of audiences.

Reviews of the *The Essential Guide to the Story of the Church (Essential Bible Reference Library)* by Edwin M.

Thozius

Very good little resource (very nearly pocket sized. I use it as a source for class material, along with several other books. Short and succinct, but paints the whole picture.

Grillador

Very informative and well written. Thank you!

Blackseeker

The overall history was fairly good but the many 'run on sentences' tend to ruin the flow of the material. It could have and should been written better.
