1000 verses in praise of Vishnu with Shankara's commenetary

With text in Devanagari, transliteration and commentary of Sri Sankaracharya translated into English.

## Reviews of the Sri Vishnu Sahasranam Stotram *by* Swami Tapasyananda

Dianantrius

This is an excellent value and a nice chanting book. Also included is Sri Vishnu Sahasra Namavali. As a westerner with just a little background in Sanskrit I found I could chant all of Vishnu Sahasranama in roughly 23 minutes. A great help in pronunciation was MS Subbhulaksmi's recording of Sri Vishnu Sahasranama which is available on mp3. Adi Sankara's commentary is summarized in the translation by Swami Tapasyananda, very succinct and easy to follow, not brain-scrambling high philosophy.

Rainbearer

It is a literal translation, not an interpretation of the deeper meaning.

Marilbine

This is good book for someone looking for an easy initial translation of the Vishnu Sahasranamam. There is also a transliteration which makes it easy for people who cannot read the Devanagari script.

The translations are simple, often two to three lines but the meanings are clear. There is not a lot of time spent on the etymological or philosophical aspect of the namas. This is the reason I say it is a good beginners book. There are some sources (online and print) that have a more detailed description.

I think 3.5 stars is a good rating for the book.
