Cam Jansen is on the case whenever a mystery needs to be solved. This case happened while she was at the movies and one of the film reels mysteriously disappeared. All eyes were on the crabby manager of a competing theater who had come to watch a movie. Thanks to Cam's photographic memory and super sluth skills she quickly and easily is able to crack the case. Was it Mr. Bender the manager of Bender's Bargain Theater? You'll have to read it to find out.

Cam Jansen makes a wonderful story for your young reader. It is an easy to ready chapter book with good illustratins by Susanna Natti. If you and your child are in need of a good mystery to solve, I would easily recommend the Cam Jansen series including The Mystery of the Monster Movie.

You have to love Cam Jansen. When you're a kid, you read all of these stories about magic powers, mystery, and adventure. But everyone tells you magic can't exist. Cam Jansen manages to solve every case without the use of magic... she's a real girl. That's what makes her special and what makes you want to read more and more. She lives her life and has friends just like everyone else. Cam Jansen is a real kid superhero, and the thought that a person like her could actually exist... makes her the best kid detective ever! Kids can really associate themselves with Cam and her friends. Our family loves Cam Jansen!
