*The Compact Bedford Introduction to Literature* is a best-seller for a reason: it brings literature to life for students — helping to make them lifelong readers and better writers. Classic works from many periods and cultures exist alongside a diverse representation of today's authors. Support for students includes a dozen chapters of critical reading and writing, with plenty of sample close readings, writing assignments, and student papers. And, because everyone teaches a little differently, there are lots of options for working with the literature, including in-depth chapters on major authors and case studies on individual works and themes that everyone can relate to. New to this edition are casebooks on short fiction and the natural world and a chapter created with Billy Collins. This anthology is now available with video! ## Reviews of the **The Compact Bedford Introduction to Literature: Reading, Thinking, Writing** by Michael Meyer

Perius

It is really compact as called by the author/publishers. This book is painstakingly put together by the author's wealth of experience in the field literature. It will arm every student that painstakingly read and study the materials in it. The most interesting aspect of it is the external online resources provide to widen and deepen the understanding of literature at this level and your research. It is FABULOUS!

I will recommend it 24/7 to anyone who really wants to have a formidable foundation in reading, critical thinking and writing. It is helping me big time. Go for it, do not hesitate. It is worth more than the price, though pricy as it may appear to some.

Good job Michael.

Steel balls

Very disappointed this is not what I would call in good condition. Pages are even missing! Hopefully I won't need them for class. I have debated with my self on whether to post as the other two books were in great condition. This one however was a disappointment. It has been difficult to read and hold the book to keep it from falling apart.

Ochach

Item came in great condition. I use in in my AP Literature & Composition class, and it has a large collection of poems, short stories, and wonderful information!

Adrietius

Fast delivery! Great packaging! Awesome seller!!! 2nd time I've purchased from them!! Definitely recommend!! Product was exactly as pictured and described!!

PanshyR

Great, thanks

Banal

So many interesting stories! I actually enjoyed going to English for once. They hit a lot of modern day issues and topics rather than most English books that go back 60000 years and talk about issues that aren't even present in today's society.

Goltizuru

thanks

Okay use.
