## Reviews of the *Promise, The* by Hal Lindsey

Nuadabandis

Sold in a number of different editions and covers, but a life affirming foundation for one's faith in the Messiah. This is an easy read about some of the predictions God gave ancient Jewish prophets over the centuries B.C.E about the one He will send to be their Deliverer. The documented quotations from extra-Biblical Jewish writings over the centuries corroborates them.

Must read!

Very good. I am going to buy his other books now.

This book is well written and serves several purposes well. It's faith building for believers because it shows most of the Old testament predictions of Messiah. These are explained and commented on in detail. This format is also good to show the curious non-believer the "mind of God". The book is well organized and flows nicely, The Hebrew commentary is interesting and somewhat riveting if you like scriptural interpretation and Bible study. I would recommend this for anyone who has a Jewish or Muslim friend who wants to know about Christianity. JR
