The thrilling prequel to "Redwall". The clever and greedy wildcat Tsarina becomes ruler of all Mossflower Woods and is determined to govern the peaceful woodlanders with an iron paw. The brave mouse Martin and quick-talking mouse thief Gonff meet in the depths of Kotir Castle's dungeon. The two escape and resolve to end Tsarina's tyrannical rule. Joined by Kinny the mole, Martin and Gonff set off on a dangerous quest for Salamandastron, where they are convinced that their only hope, Boar the Fighter, still lives.

Reviews of the Mossflower (Redwall) *by* Brian Jacques

Kabei

The Redwall series by Brian Jacques was basically the literary staple of my childhood, and Mossflower will always be one of my favorites. The writing is fun for all ages - it's easy to read, but doesn't dumb itself down so much that adults won't enjoy it. The characters are fun and unique, and the worldbuilding that went into this series is incredible. Mossflower is a prequel to the first book, "Redwall," and while I would suggest reading Redwall first, it definitely stands alone, as do most of the books in the series. If nothing else, his descriptions of food WILL make you hungry. I spent so many hours as a child attempting to recreate the recipes he described....

Whilingudw

This series is the best read I have found in the last 15 or 20 years!

it has drama, it has suspense, it has action, it has sadness, it has happiness, it has humor, there are so many things that this book has going for it! yes it may be classified as a children's book, but I am not the only adult to read & enjoy & be hooked on this series of books.

From page one, it grabs your attention & it never lets go till the end...but then it is really not the end because when you begin to read the next book, it too, gets you hooked from Page 1.

I highly recommend this book & the series(22 books in all) to anyone, adult or younger, who likes a great story of how the hero saves the day with his charm, his humor & his bravery.

Ynneig

I'm listeningreading to these in publication order, so this book two. I enjoyed the Audible presentation. My one critique is that the audio could use some remastering to equalize voice levels. A few of the voice actors were far more quiet than the others, thus listening required quite a bit of volume adjustment.

I do hope Audible works on filling in the availability gaps within the Redwall series line.

Darksinger

I bought this as a gift for a little boy. I had already bought him Book 1 which he enjoyed very much. My two boys read every one of Brian Jacques books in the Redwall Series and I believe there were 20+. I started reading Book 1, 2, 3 and so on....to them before they could read and over the years they started reading on their own. You cannot beat Brian Jacques and his Redwall Books for storytelling genius, excitement and glorious detail for kids of all ages!

Coron

The Redwall series of books is well written and perfect for both young and young-at-heart readers. It's a fantasy set full of adventures of good versus evil, coming of age, finding bravery and friendship, reveling in poetry and song, and feasting as if at the end of a ten season famine! Brian Jacques crafted wonderful friends and heroes at Redwall Abbey, and you'll enjoy meeting them again and again!

Ndyardin

This is a wonderful story about a misfit mouse. He and his friends fight for their home, have many adventures. The big question is Does Mattias find his place in life? I thoroughly enjoyed this book as well as the rest of the series.

Snowskin

I'm not kidding, this book is really good! I don't care how old you are, I believe you'll enjoy this one. Easy to read, flows very smoothly the entire time, loveable characters, vivid scenery, and cowardly villians. I really don't know how they can say give this book a reading age of 9-12.. That almost made me not want to read it, but I'm sure glad that I did and look forward to reading the next one. My favorite part of the book? It'd be hard to say, but I'd have to go with the battle between Martin and Queen Tsarina. There were lots of other great scenes too though. One question I have is why didn't Gingivere ever help in the fight against his evil sister?? He would have been a great help in the fighting besides being able to carry Abbess Germaine quickly back to the injured Martin. I guess he's just a pussycat though.

I highly reccomend this book along with Redwall. To anyone.

My son loved the first six Redwall books he read before he aged out of Middle Grade reading. I am buying the series in hardcover so I have them to read with my someday grandchildren.
